If I should dream of life itself,  
that dream would manifest  
on a beach, facing west  
towards the setting sun and  
the subsequent promise of a  
vibrant new day - one full of  
hope and aspiration.

A scenic view of a marina at sunset. The sky is filled with soft, warm colors of orange, pink, and purple. In the background, several white yachts are docked at a pier. The foreground shows the dark, rippling water of the sea.

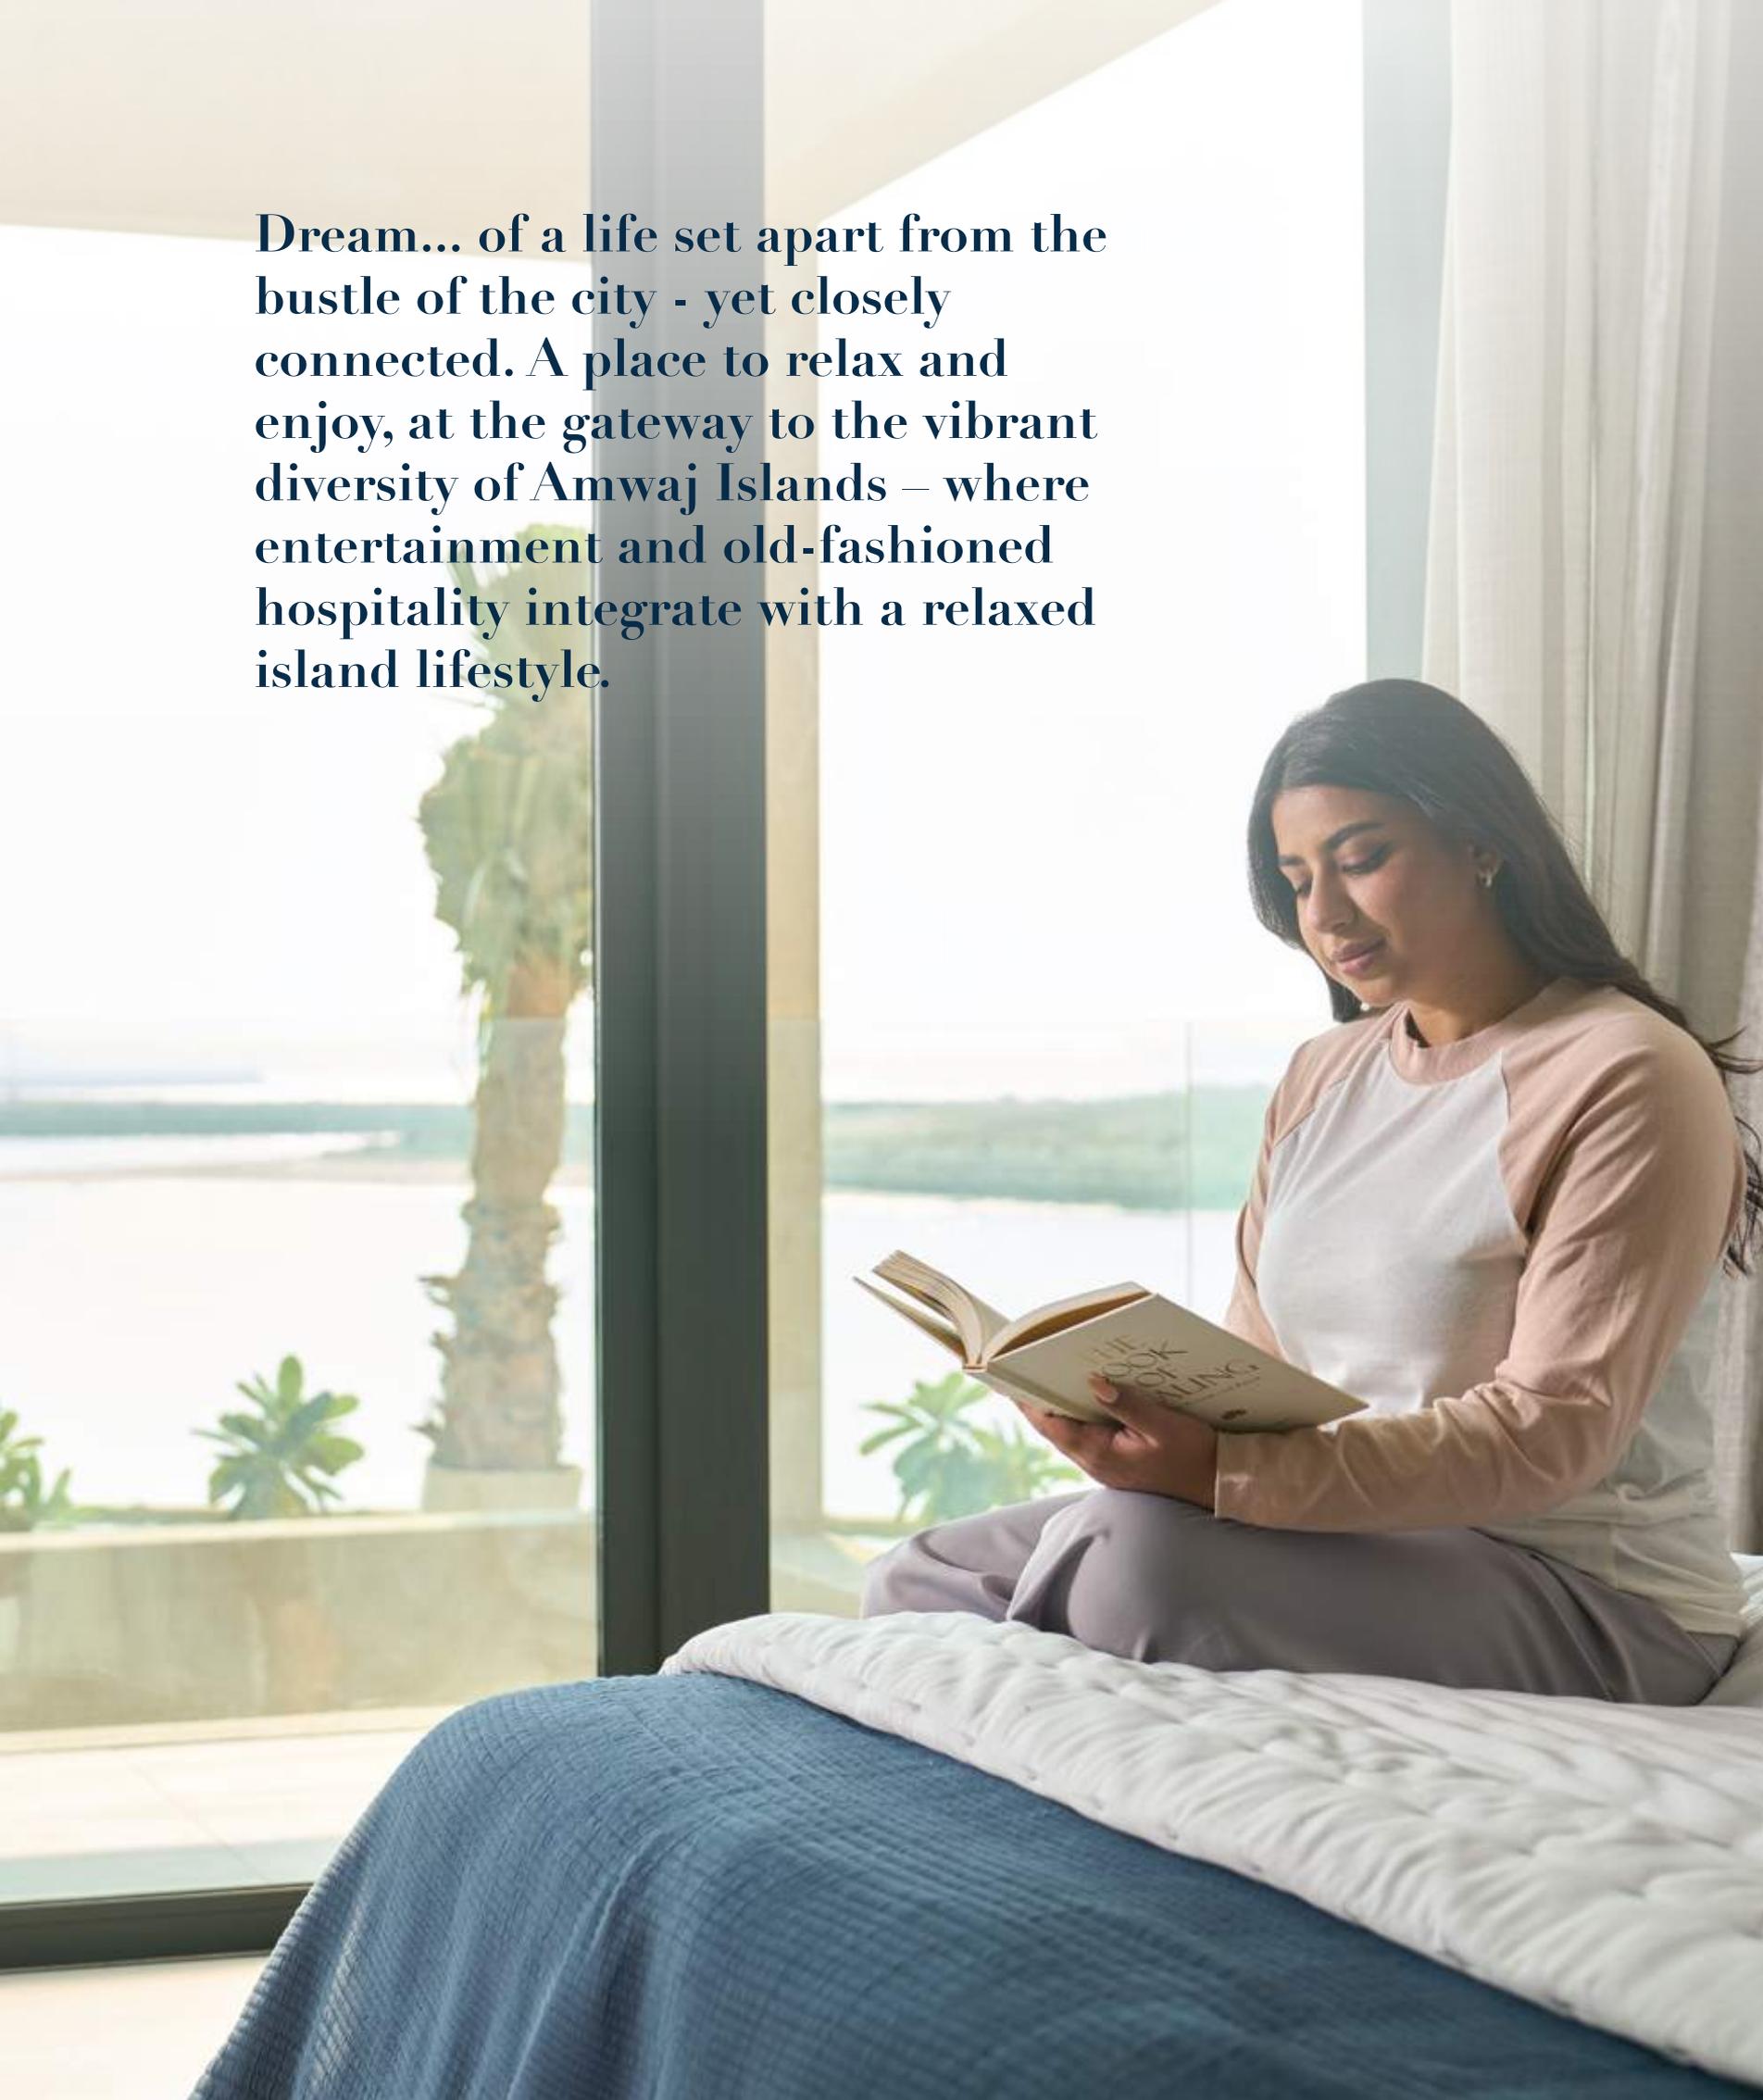

**Discover a home that gives you the best  
of both worlds: A vibrant, island lifestyle,  
yet intimately connected to the city.**

Commanding a dominant position at the primary entrance to Amwaj Islands is Amwaj Beachfront – a multi-million Dinar development covering some 250,000 square metres and offering a carefully designed blend of apartments and beach townhouses – for those who demand the very best in both living and in location. The development presides over three plots of lands covering 33,391 square meters in Amwaj Island, Bahrain...

A home for the truly discerning.

Sunset at Amwaj Islands
